

## EARMARK DECLARATION

**HON. JERRY MORAN**

OF KANSAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 16, 2009*

Mr. MORAN of Kansas. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3183, the Energy and Water Development and Related Agencies Appropriations Act, 2010.

Requesting Member: Congressman JERRY MORAN

Bill Number: H.R. 3183

Agency/Account: Corps of Engineers, Section 205

Legal Name of Requesting Entity: City of Concordia

Address of Requesting Entity: 701 Washington Street, Concordia, KS 66901

Description of Project: I have secured language for the Army Corps of Engineers to provide assistance to The Concordia project which is located on an unnamed tributary on the south side of the City of Concordia. An existing embankment on that stream serves as a detention dam during heavy rainfall events and protects a residential and commercial development immediately downstream. This embankment breached as a result of heavy rainfall in 1950 and flood waters devastated the downtown business district. The embankment was restored, but not designed to current or any acceptable engineering standards, and its condition makes the risk of flooding to the housing and business district immediately downstream very high. The project will develop a plan to construct a safe and reliable flood protection project in partnership with the City of Concordia. I certify that neither I nor my spouse has any financial interest in this project.

Requesting Member: Congressman JERRY MORAN

Bill Number: H.R. 3183

Agency/Account: Department of Energy, EERE

Legal Name of Requesting Entity: Kansas State University

Address of Requesting Entity: 110 Anderson Hall, Manhattan, KS 66506

Description of Project: I have secured \$500,000 for the Kansas State University Center for Sustainable Energy. The Kansas State University Center for Sustainable Energy has become a partner in the Alliance for Biotrolem Ventures which will serve as a catalyst for transforming America's energy landscape by integrating the Midwest's vast capabilities and resources. The K-State Center for Sustainable Energy provides broad-based expertise in biomass design, production, and conversion to fuels and chemicals, as well as in biofuel/bioprodukt utilization. The Center is K-State's focal point for research, education, and outreach on biotrolem-based fuels and products. Funding will be used to support the work the K-State University Center for Sustainable Energy is doing in regards to the Alliance for Biotrolem Ventures. This includes integrating renewable Midwest biomass and public-private "biotrolem" resources to advance technology to production scale for rapid national deployment. I certify that neither I nor my spouse has any financial interest in this project.

Requesting Member: Congressman JERRY MORAN

Bill Number: H.R. 3183

Agency/Account: Department of Energy, EERE

Legal Name of Requesting Entity: Cloud County Community College

Address of Requesting Entity: 2221 Campus Drive, P.O. Box 1002, Concordia, KS 66901

Description of Project: I have secured \$750,000 for Cloud County Community College Renewable Energy Center of Excellence.

Located on campus, the proposed center will house Cloud County Community College's (CCCC's) Wind Energy Technology (WET) program and wind technician education training. The facility will also be available for regional wind conferences, public and private industry training, and workshops related to other renewable energy initiatives. CCCC's Wind Energy Technology program is preparing a qualified workforce for the emerging wind industry estimated to increase by 80,000 jobs by 2020. The curriculum blends on-campus, online and distance learning, and field opportunities for students. Funding will be used to establish the CCCC Renewable Energy Center of Excellence and to help develop curriculum and program standards for the WET program. I certify that neither I nor my spouse has any financial interest in this project.
